

# Bavarian Brathaus Redesign - Descriptive Wireframe Document

## 1. Introduction

- This redesign aims to improve the usability, aesthetics, and accessibility of the Bavarian Brathaus website. The original site is cluttered and chaotic so this new design adopts a cohesive Bavarian inspired theme that is easy to navigate and is visually appealing.

---

## 2. Design Choices

### A. Color Scheme

- **Primary Colors:** A Bavarian theme with blue, white, and neutral tones to create a welcoming and professional look.
- **Contrast:** High contrast between text and background improves readability.

### B. Typography

- **Font Choice:** A clean sans-serif for body text and a classic serif for headings to balance readability with a traditional feel.
- **Hierarchy:** Large, bold headings for main sections and smaller, lighter fonts for body text ensure a clear reading order.

---

## 3. Application of C.R.A.P. Principles

**A. Contrast:** High contrast between text and background improves readability.

**B. Repetition:** Consistent use of fonts, colors, and button styles for a cohesive design.

**C. Alignment:** Structured layout aligns elements neatly, providing visual balance and easy navigation.

**D. Proximity:** Related items, like menu links and reviews, are grouped to improve flow and reduce clutter.

---

## 4. Accessibility Enhancements

**A. Readability:** Large, legible fonts and high-contrast text enhance readability.

**B. Alt Text:** Descriptive alt text for all images to ensure screen reader accessibility.

**C. Navigation:** Consistent navigation structure and keyboard-accessible elements for ease of use.

---

**A. Header:** Includes the logo, restaurant name, and navigation bar for easy access to key sections.

**B. Main Banner:** A high-quality image reflects the Bavarian theme without clutter, with minimal overlay text.

**C. Content Sections:** Organized into clear sections (Menu, Reviews, Live Music) with headings to guide users.

**D. Footer:** Contains contact info, address, and social links, neatly organized at the bottom.
